

E-Learning Course

Telehealth for Midwives

About the Course

Welcome to this free short online course designed to provide midwives with information on how to integrate telehealth into their practice

This course is designed to help you meet the Nursing and Midwifery Board of Australia's CPD requirements for ongoing registration. The course will take approximately 4 hours to complete, which equates to 4 ACM CPD hours.

Work your way through the course by clicking on each "Module". Once the module opens, click onto the word "Enter". From there, follow the "Next" button in the top, right hand corner.

If you have any problems accessing the content within this course please contact: education@midwives.org.au or 08 7129 4431.
