

Down Syndrome – Supporting Families

About the Presenter

This highly informative and engaging Webinar was hosted by Sue Blandford from Down Syndrome Victoria and Robyn McDonald from Down Syndrome New South Wales.

This Webinar looks at:

- The broad impact of a Down syndrome diagnosis on a family;
- Typical experiences of parents of a child with Down syndrome and the services and supports available to parents;
- Appropriate language when referring to Down syndrome and/or disability; and
- The suggested guidelines for providing emotional and practical support to parents surrounding the time of diagnosis.

The presentation also dispels some common myths and update participants with current statistics, facts and resources.
